The Vortex
By Noël Coward
Fri 28 Apr – Sat 20 May

The Show Prices & Info Your visit Get involved Dates

The roaring twenties. A world in flux. The magnetic Florence Lancaster draws people to her like moths to a flame. But when her son Nicky arrives home from Paris with an unexpected fiancée and a secret, it sets off a chain of events which threatens to pull them all into a maelstrom.

Noël Coward's brilliantly witty and stinging portrait of the darkness beneath the glittering surface of the Jazz Age is as vivid today as when it premiered, causing a sensation and catapulting its young writer to his first great success.

Daniel Raggett, nominee for the 2022 Evening Standard Emerging Talent Award, directs this new production in which Florence and Nicky Lancaster are played by mother and son, **Lia Williams** and **Joshua James**.
